Box V.

The technical feature of claims 2,3,6 of the present invention is not disclosed in D1-D4 and is not obvious to a person skilled in the art. Thus Claims 2,3,6 are novel and inventive under PCT Article 33(2) and (3).

Claims 1,4,5,7-11 are considered novel under PCT Article 33(2) since they are respectively disclosed in D1-D4. However they can be readily invented by a person skilled in the art by combining at least two selected from D1-D4. Thus the above claims are not inventive under PCT Article 33(3).

Claims 1 to 11 meet the criteria set out in PCT Article 33(4), because all the claims are considered to be industrially applicable.
